

Dear Teachers and Parents,

Thank you for inquiring about our special discount program for children with autism and special needs. We have been overwhelmed by the amount of responses we have received from teachers and parents in regards to how Goosie Cards[®] have been wonderful teaching tools for their children.

To help support the autism community, Goosie, LLC would like to offer a 15% discount on any order that is created for a child and used for educational purposes. We are so excited to offer a special discount program that will help support the autism community. Goosie, LLC offers families and institutions a communication system that works for everyone and a discount program that is valid for a lifetime.

We also will continue our support throughout the year through participation with NJCOSAC and Autism Walks throughout the country. We receive the most valuable feedback and advice through these channels because we get to speak directly to the teachers and parents. And as teachers and parents of a child with autism, you know how to meet the needs of that child best.

Attached you will find an application for the discount program. We require teachers and parents to complete the form to better understand our customer's needs. Once we receive your application, we will notify you via email that you are qualified for the program:

1. Goosie, LLC will enter you in our system as an active participant in the special discount program. This is activated with your User Name for Goosiecards.com.
2. Your account will always be active with a 15% discount. The promotion code specialdiscount will automatically display in the "Promotion Code" box at Check Out.
3. Once you are ready to Check Out, you will click on "Apply" and the discount will be applied to your order.
4. The discount can only be applied to your order once you have been qualified for the program.

You can also override your default discount code specialdiscount with any greater promotion discount code, i.e a 20% off sale. Follow the procedure below:

1. Delete the code specialdiscount and enter in the new discount code, click "Apply" and Check Out.
2. When you log in to your account again, the specialdiscount code will automatically be displayed in the "Promotion Code" box for future purchases.

Please fill out the attached form and mail the completed document to the following address:
